

2 in 1 10" Bike

This bicycle is to be assembled by an adult.

Check the contents and only remove the protective packaging from each item as and when it is to be fitted.

Please remove all packaging before giving to a child. Please keep the packaging until you have completely assembled the bicycle.

TOOLS REQUIRED

NOT SUPPLIED

CONTENTS:

- 1 Main frame
- 2 Front wheel & fork assembly
- 3 Rear wheel
- 4 Stabilisers (2)
- 5 Saddle and pillar assembly
- 6 Handlebars
- 7 Front mudguard
- 8 Pedals (2)
- 9 Head bearing inserts
- 10 Clamp
- 11 Clamp cover

*IMAGES MAY DIFFER SLIGHTLY FROM ACTUAL PRODUCT SUPPLIED

N.B It is easier to apply the wheel stickers before assembly (please use the photo on the box for reference).

FRONT FORK ASSEMBLY

- 1 Press the bearing inserts into the top of the head tube.
- 2 Slide the mudguard onto the front fork with the location tab in the front.
- 3 Push the clamp onto the top of the fork stem and push it all the way down.

FITTING THE HANDLEBARS

- 1 Slide the clamp cover onto the handlebar stem.
- 2 Push the handlebar stem into the fork stem until the minimum insertion marks are concealed.
- 3 Align the handlebar with the front wheel and tighten the clamp.
- 4 Slide the clamp cover down over the clamp until a click sound is heard.

FITTING THE REAR WHEEL AND STABILISERS

- (1) Remove the two securing nuts and tab washers from the rear wheel spindle.
- (2) Slide the wheel onto the lugs of the frame.
- (3) Replace the tap washer and align the tab into the hole of the frame. (NOTE: the tab washers are always required even if the stabilizers are removed for balance bike mode).
- (4) Fit each of the stabilizers onto the rear spindle and secure in place with the securing nuts.

FITTING THE SADDLE

- 1 Push the saddle pillar into the down tube at least as far as the minimum insertion mark.
- 2 Align the saddle with the bike frame and tighten the clamp with a spanner.

Important owner's information

Please read this before allowing your child to ride the bicycle.

CORRECT BICYCLE SIZE

Make sure the bicycle you have bought is the correct size for the child. The minimum crotch measurement of the rider, with feet flat on the ground, should be 1" (25mm) more than the height of the bike.

BICYCLE SET-UP

It is essential that, before moving off, the rider is comfortably seated on the bicycle and not stretching forward to reach the handlebars.

Re-check the instructions given for the installation of the saddle.

FOR YOUR CHILD'S SAFETY

Recheck that all screws, nuts and bolts are firmly tightened. Make sure that your child is capable of riding this bicycle. Do not allow your child to ride without supervision.

RECOMMENDED TORQUE TOLERANCES

Handlebar clamp	15 Nm
Seat Post	15 Nm
Wheels	20 Nm

Please retain this leaflet for reference to the manufacturer. Design and spec may vary.

Made in China to European Safety Standards.

A GUIDE TO SAFE CYCLING

1. We recommend this bike is for pavement use only.
2. Do not ride at night. Visibility is often limited at dawn and dusk.
3. Always give pedestrians right-of-way, and don't ride to close to them. Never park your bicycle where it can cause a nuisance.
4. Avoid hazards that may cause you to lose control of your bicycle such as pot holes, uneven pavements and manhole covers.
5. Leave plenty of room when passing parked vehicles and watch out for doors being opened in your path.
6. Remember that braking distance should be increased in wet weather, and regular checks of brakes, steering and lighting should be made.
7. Never carry passengers on your bicycle. Never carry packages in your hands while riding, or fix anything to your bicycle that could obstruct your visibility or control.
8. Don't wear anything that restricts your hearing.
9. Always ride with both hands on the handlebars.
10. Don't wear very loose clothing, which could hang down and become caught in the wheels of your bicycle. Wear cuff bands or trouser clips to keep your trousers from getting caught in the chainwheel.
11. We recommend that light-coloured or fluorescent clothing be worn which helps others to see you in daylight and poor light.
12. Always wear proper safety equipment. We recommend a helmet, long-sleeve shirt, long trousers, shoes and elbow and knee pads. Gloves and eye protection also make good sense. Cover your handlebars, stem and top tube with safety pads for extra protection.
13. Don't ride your bicycle if the chain cover is not attached.

PLEASE REFER TO THE HIGHWAY CODE REGARDING RULES

ASSEMBLING THE FRONT PEDALS

- (1) Remove the 4 screws attaching the wheel cover to the spindle of the front wheel and take the front wheel off. Repeat with the second wheel cover.
- (2) Slide the pedals into the spindles at each side of the front wheel. Ensure the left and right pedals are 180° out of line.
- (3) Replace the front wheel and wheel covers and secure with the 4 screws on each side.
- (4) Use the same method for removing the pedals in balance bike mode.

ASSEMBLED BIKE

Please check all screws and fittings are secure before giving to your child.

The toy shall be used with caution, since it requires skill, so as to avoid falls or collisions causing injury to the user and third parties.

MV recommends the use of protective pads and helmet when using this product.

Warning: Protective equipment should be worn. Not to be used in traffic. 20kg max
