This bicycle is to be assembled by an adult.

Check the contents and only remove the protective packaging from each item as and when it is to be fitted.

Please remove all packaging before giving to a child. Please keep the packaging until you have completely assembled the bicycle.

**FRONT FORK ASSEMBLY**

1. Press the bearing inserts into the top of the head tube.
2. Slide the mudguard onto the front fork with the location tab in the front.
3. Push the clamp onto the front fork stem and push it all the way down.

**CORRECT BICYCLE SIZE**

Make sure the bicycle you have bought is the correct size for the child. The minimum crotch measurement of the rider, with feet flat on the ground, should be 1" (25mm) more than the height of the bike.

**BICYCLE SET-UP**

It is essential that, before moving off, the rider is comfortably seated on the bicycle and not stretching forward to reach the handlebars.

**FOR YOUR CHILD’S SAFETY**

Re-check the instructions given for the installation of the saddle.

**RECOMMENDED TORQUE TOLERANCES**

Handlebar clamp 15 Nm
Seat Post 15 Nm
Wheels 20 Nm

Please refer to the literature for reference to the manufacturer: Design and spec may vary.

Made in China to European Safety Standards.

The CE mark denotes compliance with the standards laid down by the EC (European Community).

**A GUIDE TO SAFE CYCLING**

1. We recommend this bike is for pavement use only.
2. Do not ride at night. Visibility is often limited at dawn and dusk.
3. Always give pedestrians right-of-way, and don’t ride too close to traffic.
4. Avoid hazards that may cause you to lose control of your bicycle.
5. Leave plenty of room when passing parked vehicles and watch out for doors being opened in your path.
6. Remember that braking distance should be increased in wet weather, and regular checks of brakes, steering and lighting should be made.
7. Never carry passengers on your bicycle.
8. Wear suitable protective clothing, which helps others to see you in daylight and poor light.
9. Always ride with both hands on the handlebars.
10. Do not wear very loose clothing, which could hang down and become caught in the wheels of your bicycle.
11. Always wear proper safety equipment. We recommend a helmet, long-sleeve shirt, long trousers, shoes and elbow and knee pads. Gloves and eye protection also make good sense. Cover your handlebars, stem and top tube with safety pads for extra protection.
12. Don’t ride your bicycle if the chain cover is not attached.

**ASSEMBLING THE FRONT PEDALS**

1. Remove the 4 screws attaching the wheel cover to the spindle of the front wheel and take the front wheel off.
2. Repeat with the second wheel cover.
3. Slide the pedals into the spindles at each side of the front wheel.
4. Ensure the left and right pedals are 180° out of line.
5. Replace the front wheel and wheel covers and secure with the 4 screws on each side.

**ASSEMBLED BIKE**

Please check all screws and fittings are secure before giving to your child.

The toy shall be used with caution, since it requires skill, so as to avoid falls or collisions causing injury to the user and third parties.

MV recommends the use of protective pads and helmet when using this product.

**WARNING:** Protective equipment should be worn. Not to be used in traffic. 20kg max

**CONTENTS:**

1. Main frame
2. Front wheel & fork assembly
3. Rear wheel
4. Saddle and pilar assembly
5. Pedals
6. Handbars
7. Front mudguard
8. Pedals (2)
9. Head bearing inserts
