This scooter is to be assembled by an adult. Please remove all packaging before giving to a child.

WARNING: Read the information supplied by the manufacturer.

**STUNTED XTS Scooter**

**FRAME ASSEMBLY**

1. Loosen the clamp and slide the handlebar stem over the fork column until it touches the lock nut.
2. Ensure that the handlebars are aligned with the front wheel and that the wheel is facing forwards (note the arrow on the front fork).
3. Using the Hex key do a quarter turn to tighten Bolt 1 then Bolt 3 then Bolt 2 then Bolt 4. Repeat until the clamp is tight and the handlebars are secure.

**WARNING:** Failure to tighten the clamp fully will result in the handlebars not being secure and the scooter will be unsafe to ride. Overly tightening one bolt before the other will make it impossible to tighten the clamp fully.

**SAFETY ADVICE:**
This is a wheeled self propelled scooter designed for a single rider only. It should never be ridden by more than one person at a time.
- It is not intended for use as a toy, or for use with any motored device.
- Use only on smooth, clean and dry surfaces away from other road users and pedestrians. Braking action and wheel friction will be reduced in wet weather conditions. Never leave the scooter unattended.
- Please add oil to the bearings periodically for lubrication, using a few drops of light machine oil.
- After extensive use the wheels and bearings may become worn and could need replacing. Some parts are available from MV Sports. Please contact customer service below for details. A change may apply for some items.
- Clean the scooter after use. Regular maintenance will enhance the safety. Do not modify the scooter in any way not outlined in these instructions. Replace worn or broken parts immediately.
- Replace worn or broken parts immediately.
- Fasten can become loose over time so please check and tighten periodically.

**FOR YOUR CHILD'S SAFETY:**
- Break down all screws, nuts and bolts are firmly tightened, make sure that your child is capable of using the scooter, Age or weight does not automatically indicate that a child is able to use the scooter safely.
- Do not allow your child to ride unsupervised.

**SCOPE AND LIMITED WARRANTY**
This warranty does not cover damage or loss from accidents, normal wear, improper assembly or adjustment, dropping, starting, riding, racing or competition, abuse, neglect or when used with any motored device.
Design and specification may vary. Please retain the handle for reference to the care fully made in China to European Safety Standards.

**CONFORMS TO EN14619**

**A GUIDE TO SAFE SCOOTERING**
1. We recommend this scooter is for pavement use only. It is dangerous to ride on public highway.
2. Do not ride at night and in the dark.
3. Always give pedestrians right-of-way, and do not ride too close to them. Never park your scooter where it can cause a nuisance.
4. Avoid hazards that may cause you to lose control of your scooter such as pot holes, uneven pavements and manhole covers.
5. Leave plenty of room when passing parked vehicles and watch out for doors being opened in your path.
6. Remember that braking distance should be increased in wet weather, and regular checks of brakes, steering and lighting should be made.
7. Never carry passengers on your or scooter. Never carry packages in your hands while riding, or anything to your scooter that could obstruct your view.
8. Don't wear anything that restricts your hearing.
9. Always ride with both hands on the handlebars.
10. Don't wear very loose clothing, which can hang down and become caught in the wheels. Wear tight-collared or t-shirt clothing which helps others to see you. Daylight and poor light.
11. We recommend that light-collared or t-shirt clothing which helps others to see you. Daylight and poor light.
12. Always wear proper safety equipment. We recommend a helmet, long-sleeved shirt, long trousers, shoes, elbow, wrist, knee and shin pads. Gloves and eye protection also make sense. Cover your handlebars, stem and top tube with safety pads for extra protection.

Please refer to the Highway Code regarding rules for cyclists.
