# Tilt 'n' Turn Scooter

This scooter must be assembled by an adult.

Check the contents and only remove the protective packaging from each item as and when it is to be fitted.

Please keep the packaging until you have completely assembled the scooter.

Please remove all packaging before giving to a child.

## ASSEMBLING THE HANDLEBAR

1. Align the groove of the handlebar with the connector of the scooter
2. Push handlebar in until you hear a 'click'.
3. To check the handlebar is locked in place, look for the locking tab protruding through the underside. (See diagram in circle below)

**NOTICE:** Always ensure handlebar is locked into place before use.

## RELEASING THE HANDLEBAR

To release the handlebar press the locking tab and pull the handlebar upwards.

**WARNING:** Ensure locking tab of handlebar is locked in place before use.

## SAFETY ADVICE

This is a three wheel self propelled scooter designed for a single rider only.

It is not intended or equipped for road use, off road use, racing, jumping, stunt riding or use with any motorised device.

## NOTE

It should never be ridden by more than one person at a time. Never ride at night, obey all traffic and pedestrian regulations, and give right of way to pedestrians.

Care should be taken when riding on wet pavements as braking action and wheel traction may be reduced.

Never leave your scooter unlocked and unattended.

## FOR YOUR CHILD'S SAFETY

Recheck that all screws, nuts and bolts are firmly tightened.

Make sure that your child is capable of riding this scooter.

Do not allow your child to ride unsupervised.

## SCOPE AND LIMITED WARRANTY

This warranty does not cover damage or loss from accidents, normal wear, improper assembly or adjustment, jumping, stunt riding, racing or competition, abuse, neglect or when used with any motorised device.

Design and specification may vary.

Please retain this leaflet for reference to the manufacturer.

Made in China to European Safety Standards.

## CUSTOMER SERVICES

### SAFETY FIRST

Please check all fixings are secure before handing to a child.

**WARNING:** Protective equipment should be worn. Not to be used in traffic. 20 kg max.

MV recommends the use of protective pads and helmet when using this product.

The toy shall be used with caution, since it requires great skill, so as to avoid falls or collisions causing injury to the user and third parties.

## A GUIDE TO SAFE CYCLING & SCOOTERING

- 1 We recommend this scooter is for pavement use only. It is dangerous to ride on a public highway.
- 2 Do not ride at night. Visibility is often limited at dawn and dusk.
- 3 Always give pedestrians right-of-way and don't ride too close to them. Never park your bicycle or scooter where it can cause a nuisance.
- 4 Avoid hazards that may cause you to lose control of your bicycle or scooter such as pot holes, uneven pavements and manhole covers.
- 5 Leave plenty of room when passing parked vehicles and watch out for doors being opened in your path.
- 6 Remember that braking distance should be increased in wet weather, and regular checks of brakes, steering and lighting should be made.
- 7 Never carry passengers on your bicycle or scooter. Never carry packages in your hands while riding or fix anything to your bicycle or scooter that could obstruct your visibility or control.
- 8 Do not wear anything that restricts your hearing.
- 9 Always ride with both hands on the handlebars.
- 10 Do not wear very loose clothing which could hang down and become caught in the wheels. Wear cuff bands or trouser clips to keep your trousers from getting caught in the chainwheel.
- 11 We recommend that light-coloured or fluorescent clothing be worn which helps others to see you in daylight and poor light.
- 12 Always wear proper safety equipment. We recommend a helmet, long-sleeved shirt, long trousers, shoes, elbow pads and knee pads. Gloves and eye protection also make good sense. Cover your handlebars, stem and top tube with safety pads for extra protection.
- 13 Do not ride your bicycle if the chain cover is not attached

Please refer to the Highway Code regarding rules for cyclists

The CE mark denotes compliance with the standards laid down by the EC (European Community).
